Remarks as to whether the remaining
extent of goat land is sufficient
for grazing purposes and whether villagers
have any objection to the grant of the
land applied for and the grounds
of their objection if any.

It is reported by the Minister
that the remaining extent of
fossil land is sufficient for
farming purposes and that
the villagers have no objection
to the granting the land applied for.
There is a public footpath across the
fossil member in question and the
villagers have agreed to allow the fossils
along the way without any inconvenience.

To,

The Chief Secretary to the
Government of Mysore.

Sir,

I have the honor to
submit herewith for sanction
a statement showing the
particulars of Gomal Sur^y No. 16
(Pod No. 87) in the village of
Bettehally, Palya Hobli of the
Hapur Taluk applied for
for coffee cultivation.

2. It will be seen from the
vernacular papers ending
with Hapur Amildar's report
No. 1060 of the 16th Ulbeino, herein
1003
enclosed, that the application

received was for 3 acres. As
this area was small to be
sub divided, the Surveyor
was directed to see whether
there is any more extent
of land in Sur; No. 16 suitable
for Coffee Cultivation
and if so sub divide such
portion and report the
result. In accordance
with the above instructions
he sub divided the land
and the result was that
only 4 acres and 37 quintas
of land were found to be
suited for coffee cultivation.
The villagers having made
no objection to the grant
of this Phoded portion for
cultivation and the remain-
ing extent of Gomal land

being sufficient for grazing purposes, the Amildar sold the same by public auction and one Iman Sab, a cloth merchant purchased it for Rs. 50-4-0 or more than Rs. 10 per acre. This amount is reported to have been realized and deposited in the Taluk Treasury. -
